

Hello my name is Katie and I did the BA  
0:07

Honours in Working with Children and  
0:10

Young People in Integrated Services  
0:11

Degree

0:14

I decided to do my course here because  
0:18

it it had good transport links the  
0:22

college I went to to do my Foundation  
0:25

Degree

0:27

um did not continue this course

0:30

um so I was able to have two choices

0:32

between this one and another college but  
0:36

this course I found had more information  
0:38

on the website and I had a more

0:40

understanding about what the course was

0:42

about what I could do I had good

0:46

contacts to ask people any questions any

0:50

queries I was able to ask

0:52

teacher who was in charge of the course

0:55

any questions I had so I could

0:57

understand a bit more about it

1:01

currently I'm a Healthcare Play

1:03

Specialist at Great Ormond Street

1:05

Hospital

1:07

it's about

1:09  
um carrying out a form of therapy with  
1:13  
the children helping them understand  
1:14  
about procedures they're going to have  
1:16  
distracting them through these  
1:18  
procedures if they've got any forms of  
1:20  
anxiety helping basically helping them  
1:23  
cope with that during their  
1:26  
surgey  
1:31  
is the fact that it's not focusing on a  
1:37  
specific role because it's called  
1:39  
integrated services that covers Health  
1:41  
and Social care settings and because the  
1:45  
job I'm doing is specifically Hospital  
1:47  
based it means If ever I want to go into  
1:50  
anything else in the future I've got a  
1:53  
ground base of  
1:56  
um having a course which means that I  
1:58  
can look into  
2:00  
any any Charities any other  
2:02  
organizations  
2:04  
which are both in Health and Social care  
2:07  
I've got lots of options  
2:12  
whenever I speak to people who have done  
2:14  
the healthcare plan special schools I

2:16

always recommend doing this course

2:19

afterwards first of all because it's

2:22

only a year it's only one day a week

2:25

um and it's just having another

2:27

qualification under your belts which

2:29

could lead to more opportunities in the

2:32

future

2:33

and it was a very nice class I had a

2:35

very nice Tutor

2:37

and I always look back at it with fond

2:39

memories
