Welcome

We are delighted to welcome you to Windsor College where we combine traditional sixth form study programmes with an exciting specialism in the stage, screen and design industries.

How to Apply

Your Step-by-step Guide to Studying at Windsor

Step 1: Choose Your Course

We offer a wide range of courses at all levels – if you're still not sure, give us a call on **01753 792388** or email **info@windsor-forest.ac.uk** for independent advice.

Step 2: Apply

Apply online at **www.windsor.ac.uk** You shall receive an email to confirm we have received your application.

Step 3: Attend Your Interview

You will be invited to book an interview, where you will discuss your course choice and plans for the future. This will also give you the opportunity to ask any questions you may have too.

Step 4: Offer

Following a successful interview, you shall be made a conditional offer via email.

Please note: This can take up to 14 days. To accept your conditional offer, please log back into your Student Portal. You need to accept your offer to receive your invitation to enrolment.

Step 5: Enrol

You will be sent instructions on how to enrol onto your course the summer before you start with us.

Step 6: Get Your Results

You will need your exam results to be able to enrol onto your chosen course. If your results are better than expected or you didn't do as well as you'd hoped, we can find a suitable alternative.

Step 7: Start College

We look forward to welcoming you in September!

Windsor offers a unique experience for students in our ideally situated town centre location. We are proud of the inclusive and support community that is Windsor College and of the support and guidance that we offer to all of our students. Our students' success is our priority and they are at the heart of everything that we do. Their journey with us starts with the excellent advice and guidance that they will receive at open evenings, interviews, taster sessions and welcome days helping them to choose the right programme of study for them. Our wide range of academic and vocational courses allows students to select and study the courses that will support their progression and career aspirations whilst ensuring an enjoyable and successful learning experience.

We see every student as an individual and our specialist teaching and support staff are committed to ensuring that they achieve their potential and fulfil their ambitions. The sixth form experience at Windsor is much more, however, than just academic success and extends beyond the classroom to the wide range of opportunities and experiences on offer to our students. Windsor is an exciting place to study whatever your interests and ambitions.

I look forward to welcoming you to Windsor and hope that you are able to experience one of our open events where you will be able to talk to staff and students about your own particular needs and aspirations. We hope that you will join us next year and look forward to meeting you at one of our open events.

**Amanda
Down**
Principal

Welcome to Windsor College.
Thank you for your interest in our College.

We believe that every student who comes to us has amazing potential and that it's our job to work with you so that you can unlock that potential. We want you to aspire to be the best you can be, and we will do everything we can to help you achieve excellence.

College life at Windsor is vibrant, lively, and full of opportunities. Our teachers specialise in supporting our students to develop the skills needed to study at College level, both personal and academic. We also work hard to prepare our students for life after college, whether that's university, apprenticeship, or employment.

We believe in offering a rich student experience which includes work experience, taking our students all over the world and offering exciting opportunities to get involved in College and community life, such as volunteering, Student Council, performance, and Duke of Edinburgh.

But don't just take our word for it – visit us to see for yourself. Speak to our students who will tell you about College life and have a look around to really get the feel of what it is like to be a student at Windsor. We are all about support and inspiration, and we are looking forward to meeting you!

Gillian May
Group Principal
and CEO

Study Programme

If you're aged 16–19, you will follow a study programme to help you develop academically, practically and personally.

Study programmes are designed to meet students' individual learning needs and includes all the elements that make up their individual timetable at the College. We want you to be confident and ready to meet the demands of learning, work and life.

Our students typically study three A Levels, a full or mixed vocational programme equivalent to three A Levels or a T-Level. Level 2 students will complete a programme consisting of vocational courses alongside GCSE English, maths and/or science.

Choose the Right Course & Level for You

A Minimum of Five GCSEs Grade 4 & Above

Including English and maths. You must also meet the specific subject entry requirements.

Your Options at Windsor:

A Level Programme: Two year study programme of three A Levels.

Mixed Programme: Two year study programme of A Levels and Level 3 vocational course or Industry ready study programme.

Your Progression After College:

University, 'degree' apprenticeships or employment.

A Minimum of Four GCSEs Grade 4 & Above

Including English and maths. You must also meet the specific subject entry requirements.

Your Options at Windsor:

Level 3 vocational course in any combination for two years.

Your Progression After College:

University, 'degree' apprenticeships or employment.

Less than Four GCSEs

Minimum of three grade 3s and one grade 2 including English or maths at grade 3.

Your Options at Windsor:

Level 2 vocational course including English and/or maths for one year.

Your Progression

A Level Programme: Two year study programme of three A Levels.

Mixed Programme: Two year study programme of A Levels and Level 3 vocational course or Industry ready study programme.

T Level: Two-year Industry Ready study programme

Apprenticeship: Level 3 programmes in Stage, Screen and Design Industry. 80% on-the-job training and 20% classroom based.

Windsor Extra Curricular

Engaging in extra-curricular activities is a strategic investment in your future. Studies indicate that students who participate in these activities often achieve higher grades, score better on exams, and have more enriching educational experiences. By joining, you'll develop new skills, build lasting relationships, and enhance your college applications and career prospects. At Windsor we have a wide range of popular clubs and societies.

Clubs include:

- Dance club
- Crochet Club
- Debate Club
- Photography Club
- Board Games Club
- Karaoke Club

Industry Placement

Gain hands-on experience and deep insights into your chosen industry or sector with work placements. This invaluable exposure not only enriches your understanding but also significantly enhances your UCAS and job applications, helping you stand out among your peers. Make your profile shine with practical knowledge and real-world skills!

Enhance your applications

Work experience is a great way to get ahead and gain the edge with employers and admissions tutors in your college interview. It shows that you have taken the time to gain experience in your chosen career area and it's a good way to check that your dream job in your chosen industry is really what you think it is.

Windsor college has a dedicated careers and placements team to support students with finding a suitable work placement. All of our students are encouraged to participate in a week of Industry Placement as part of their study programme.

This year our students experienced a range of successful placements with local businesses such as:

- The Crown Estate
- National Physical Laboratory
- 7IM
- P. Tiernan & Co Solicitors
- Isleworth Town Primary School
- Perfect Smile

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T Levels are qualifications for students aged 16 to 19 living in England who have finished their GCSEs.

T Levels have been designed in collaboration with employers and businesses, so that you will learn everything you need to prepare for the workplace.

They offer you more practical work experience and industry placement hours as part of your education than any other qualification currently available, except for apprenticeships.

Each T Level is equivalent to 3 A levels and helps you to develop the knowledge, attitude and practical skills to thrive in either the workplace or progress to further study.

T Level students spend 80% of the course in the classroom, learning the essential skills that employers need. The other 20% is a meaningful industry placement, where they put these skills into action. The industry placement will be 3 months in total, a minimum of 45 days (315 hours over the duration of the course). The industry placement should be with a maximum of 2 employers. You will get valuable experience in the workplace: employers get early sight of the new talent in their industry.

Within each course, students develop an understanding of a broad range of issues relevant to the sector, as well as topics specific to the course and an occupational specialism.

What are the key differences between T Levels, A Levels and Apprenticeships?

- **T Levels** are designed to offer a path for learners wishing to enter skilled professions or progress to further study. These are typically 80% in the classroom and 20% on an industry placement.
- **Apprenticeships** are for those who wish to learn a specific occupation. These are typically 80% in-the-job and 20% in the classroom. Apprenticeships are more suited to those who know what occupation they want to pursue, are at the working age of 16, and want to earn a wage while learning at the same time.
- **A Levels** are for learners who wish to continue academic education.

Are T Levels included in the UCAS tariff?

UCAS tariff points are allocated to T Levels in the same way they are with A Levels.

UCAS points are only allocated to the **overall T Level grade**. Students must achieved at least an overall pass grade to receive UCAS points.

UCAS tariff points	T Level overall grade	A Level equivalent
168	Distinction*	A* A* A*
144	Distinction	AAA
120	Merit	BBB
96	Pass (C or above on core component)	CCC
72	Pass (D or E on core component)	DDD

INDUSTRY
READY**

Beyond the Classroom

The Duke of Edinburgh's Award

Build confidence, resilience skills, team working and demonstrate your resourceful side. Add value to your UCAS application and CV.

Elite Athletes

We are a Talented Athlete Scholarship Scheme (TASS) accredited College providing support to help our talented students balance the demand of high level training alongside College study.

The Gold Arts Award

This Level 3 qualification is worth 16 UCAS points and will benefit those students aiming for art/drama school or university by showcasing a specialism outside of College.

Coming to Windsor will give you the chance to develop your skills through a range of extra-curricular activities. These activities will allow you to make new friends, have fun and develop transferable skills to enhance your CV or UCAS personal statement.

We want to enrich your studies and further deepen your learning and understanding, but we also want to give you every opportunity to enjoy new experiences and broaden your horizons. Our goal is that when you progress from Windsor, you do so as self-assured and confident young adults.

Qualification (EPQ)

Increase your UCAS points by studying the EPQ (worth half an A Level) – choose a subject you are interested in and demonstrate your independent research skills.

National Competitions

Our students have achieved success in a number of challenges including the Chemistry Olympiad, the UK Senior Maths Challenge, the NSEC (National Schools Employability Challenge) and the Interior Design competitions for the British Display Society.

Sport

There's an exciting sports programme and extensive facilities at Windsor. There are sports pitches, hall, courts and a well-equipped fitness suite. Regular competitions and additional personal fitness qualifications are also available.

Student Union Executive

Our active Student Union (SU) leads our student voice on a number of issues close to the hearts of young people. By being part of the SU, you will enjoy a range of opportunities and activities to enrich your time at College.

Trips & Visits

Our trips and visits are undoubtedly a highlight, both complementing the curriculum and giving students national and international experiences beyond the classroom.

Guest Speakers & Masterclasses

Guest speakers will be a key part of your College experience. These will deepen your understanding with talks from keynote speakers and experts in their fields.

Study Plus+

Study Plus+ is a programme that has been introduced to enrich learning and facilitate and promote independent study at Windsor College. It provides students with additional tasks and activities beyond regular classroom lessons, allowing them to further develop their knowledge and skills in their chosen subjects. The Study Plus+ programme aims to enhance the overall learning experience, develops core skills such as independence and proactivity and facilitates academic excellence.

Aspire

The Aspire programme at Windsor College is a specialised support programme designed to assist students in their applications to prestigious institutions, such as the Russell Group and high-tariff courses. It aims to provide comprehensive high-quality information, advice, and guidance (IAG) to students throughout their journey, from application to final progression into university, further study, apprenticeships, or employment.

The programme has achieved a 100% success rate for students receiving offers from Cambridge and Oxford. It utilises the Unifrog platform to empower students in building UCAS statements and accessing valuable information about careers and apprenticeships. The Aspire programme plays a vital role in supporting students' successful progression and ensuring they are well-equipped for their future endeavours.

Supporting You

The physical and mental wellbeing of all our students is extremely important to us, so we provide a number of support services to help.

Safeguarding

It is important to us that everyone feels safe while at College. Our Safeguarding team help students make good decisions and offer a range of advice from digital safety, radicalisation, neglect, to homelessness, mental health and personal safety.

Counselling

The College provide a fully qualified counsellor that can be accessed during the College day.

Health & Wellbeing

We provide help and information about staying healthy with a range of services and advice for your well-being and safety.

Careers & Employability

Our accredited team is always on hand to offer impartial and confidential advice and guidance on courses, careers and training.

Personal Support Services

You are a name, not a number at Windsor College and we are dedicated to helping you achieve your potential.

Personal Tutors

You will have a tutor who will play a central role in supporting your progress at sixth form. Group tutorials and one-to-one meetings will help keep you on track with your studies as well as helping you plan for life after College.

Learning Support

The Learning Support team are there to help with literacy and numeracy skills, provide you with expert support with dyslexia and dyspraxia, support time management, revision skills, essay writing, assistive technology and access arrangements.

Exam Arrangements

We know that some students will require special arrangements when taking exams and support can be provided, post assessment, in accordance with awarding bodies' guidelines. Dependent upon assessment results, scribes and readers may be supplied and assistive equipment may be borrowed.

Financial Support

For those from low household income families, the Colleges offer financial support for the compulsory costs associated with your course.

Please email us for information about support at the College.
studentservices.sixthform@windsor-forest.ac.uk

Home of Stage, Screen & Design

Windsor College is home to Stage, Screen and Design with film, television, and production media courses offering full time and short courses for 16-19 year olds and adults.

Thanks to the support of the Berkshire Local Skills Improvement Plan, Windsor College has undergone a remarkable transformation. The campus now boasts a state-of-the-art Virtual Production Studio, cutting-edge editing suites, a professional recording studio, a podcast studio, a DJ studio, and a fully equipped hair and make-up room.

Close ties with Industry Partners Cube Studios and Resource Productions, allow us to merge industry and education knowledge to provide outstanding opportunities to local students.

We are offering two apprenticeships in this area, Content Creator and Production Assistant. An apprenticeship offers students practical experience, mentorship and expertise from industry professionals, a blend of on-the-job training and classroom learning, and potential future employment opportunities in the stage, screen and design arena.

WINDSOR COLLEGE IS PROUD TO PRESENT
