Light Vehicle & Heavy Vehicle
Apprenticeship

- ➔ **What inspired you to become a Skills Coach, and what do you enjoy most about supporting apprentices?**

Wanting to help young people that are keen to have a career in the motor trade

- ➔ **What's one piece of advice you always share with apprentices to help them make the most of their training?**

Once you have this qualification no one can take it away from you, it also opens doors into jobs in other countries if they desire to work abroad

- ➔ **What achievement—either your own career success or a learner's success—are you most proud of?**

Working in the motor industry for McLaren which innovate leading technology and design for motor vehicles

- ⬇ **What experience and expertise do you bring to your role that helps apprentices succeed in their chosen industry?**

I owned my own garage for 5 years which I had two apprentices and a technician working there. I worked for McLaren automotive for 5 years doing various types of jobs, working on supercars built 5 speed tail's which are 3 million each and worked in proto-type developing new vehicles.

- ⬇ **How do you support apprentices in balancing workplace demands with their studies?**

We give the students time to complete their college coursework work at college if they are struggling with a busy work & home life.
