

Oliver Scarlett

Arboriculture
Level 2

- ➔ **What inspired you to become a Skills Coach, and what do you enjoy most about supporting apprentices?**

Extremely rewarding helping future generations get their foot on the arboricultural ladder.

- ➔ **What's one piece of advice you always share with apprentices to help them make the most of their training?**

You'll get out of the industry what you put in. It's a tough profession, but very rewarding if you put the time and effort into it.

- ➔ **What's one piece of advice you always share with apprentices to help them make the most of their training?**

You'll get out of the industry what you put in. It's a tough profession, but very rewarding if you put the time and effort into it.

- ↓ **What experience and expertise do you bring to your role that helps apprentices succeed in their chosen industry?**

I've worked in the industry for over 18 years and run my own business within the industry.

- ↓ **How do you support apprentices in balancing workplace demands with their studies?**

We allow plenty of time to do a lot of their studies with college hours as we understand how physically and mentally demanding working with arboriculture can be.

- ↓ **What achievement—either your own career success or a learner's success—are you most proud of?**

I've only been a skills coach for 18 months and my first two students I put through went through with very high scores.
