

GOVERNOR VACANCIES

We are a thriving Further Education College, with over 800 staff providing high quality training and education to some 8,000 students and 2,000 employers. Our campuses in Langley, Windsor and Strode's in Egham serve the diverse communities of Berkshire, Surrey and West London.

The Windsor Forest Colleges Group; a Further Education College with its main campuses in Langley, Windsor and Strode's in Egham, is looking for people to join its Board of Governors on a voluntary basis.

The College has an annual turnover of £24 million and provides education and training for some 8,000 people each year.

The Board of Governors is responsible for setting the strategic educational mission and character of the College, and has overall responsibility for safeguarding its assets. The day-to-day management of the College is the responsibility of the Group Principal & CEO and the Senior Management Team, and the Group Principal & CEO answers to the Board for her stewardship of the College and its students.

We are therefore looking for people with a strong interest in further education and experience of operating in a large organisation, preferably at a Board and strategic level. We are particularly

looking for people with a knowledge of strategic management, education, estates planning and people with accountancy or legal skills. You should also have analytical skills and be able to absorb complex information reports and make informed contributions to the discussions at Board meetings.

The commitment required is about one evening per month attendance at Board and Committee meetings but with occasional extra duties for training, College events etc. There is no payment for these activities but we are able to pay travel and any other reasonable expenses incurred by Governors.

For the right person, this is an excellent opportunity to make a genuinely worthwhile contribution to the governance of a major educational establishment. If you are interested in finding out more, please contact the Clerk, Lynn Payne, via Amie Morris (Executive Assistant to the Group Principal & CEO) on 01753 793202.
